 646-584-5524

Height: 5' 10"  
 Weight: 185 lb  
 Voice: Bass/Baritone

Moved to NY in '86, got very busy, was cast more often than not. Married in '94. 1996, son diagnosed with autism. We focused on his development, our goal was getting him to recognize the world, our world, to be in it and get out of his box. He's extraordinary and is now a junior at Sarah Lawrence College, majoring in political science and creative writing. Me? I am having an extraordinary and full life, all of which informs my acting. I'm excited to get back to doing that thing I love. And I'm writing a play. It's a comedy about Alzheimer's. Rick
